SIX PRINCIPLES BEHIND HIGH QUALITY LEARNING

Building on our recent focus on **High Quality Teaching**, these six half-termly sessions explore how teachers can help their pupils learn most effectively by understanding and applying the evidence around the science of learning.

Each session focuses on one principle, explores the evidence and offers practical strategies to apply it in the Primary classroom.

Each session will be recorded 'live' and available for catch up afterwards via the St. Bart's Central Hub.

All sessions run from 9.00 – 10.00am.
