Dear Parents

I wanted to share some of the exciting work we have been engaged on, in affiliation with our schools, to update the St Bart's vision statement and values. St Bart's is made up of a strong group of schools who work collaboratively together. The trust provides a wide range of professional development opportunities for all levels of staff, and we wanted to reflect our guiding principle of releasing potential in our shared vision and values. We have worked closely with our trustees, school principals, staff, children, and governors to agree the mission, vision, and values (which you can see below). Schools still have their own unique vision and values and I hope you will see how these contribute to and support the overarching trust vision and values.

St Bart's Mission

Our moral purpose is to provide the best education and curriculum in all our schools, enabling every child to realise their full potential.

St Bart's Vision and Values

We have a **passion** for releasing potential in all our children and staff through the **encouragement** and development of **ambition**, aspiration and excellence in all aspects of our work. Our commitment is to place children at the centre of everything we do. Working in **collaboration**, we strive to provide the highest quality of educational experience and outcomes for our young people in an inclusive environment. Through the **enjoyment** of learning, we live life together in all its fullness through **PEACE**.

We believe this vision empowers children with the skills to make a positive impact on the future of the communities they serve.

We have updated the PEACE wheel to reflect this shared vision and values. Each school has received an updated poster, and this will be displayed in all our academies.

Following on from many conversations and feedback across the Trust I know that we are all keen to return to a more normal way of operating in this post pandemic world. I hope you have been able to engage in more face-to-face events throughout our schools as nothing beats being able to come and see your children involved in events and they are always so keen and proud to share with you the exciting things that they have been engaged in. As a trust, we are looking at events and opportunities where we can bring groups of our children from different academies together. This will enable us to develop our family of schools and offer amazing opportunities for children to work, play and compete together.

As ever, we are always keen to hear from you regarding further enhancements we can make which can contribute to the overall education and enjoyment that the children in our care receive. In addition, we are always keen to hear from those of you who may be able to contribute to these events to make them even more memorable for the children.

It is a pleasure and a privilege to work with such enthusiastic and engaged young learners.

Many thanks for all you do to support your children.

Kind regards

Lisa Sarikaya
